

**Notice of Public Information Centre
Future Solid Waste Disposal Needs Environmental Assessment
Town of St. Marys**

The Study

The Town of St. Marys (Town) has initiated an Individual Environmental Assessment (EA) under the Environmental Assessment Act for the identification and selection of a preferred solid waste disposal option. The St. Marys landfill site, located at 1221 Water Street South, is nearing its current approved capacity. The Town has reviewed options to manage solid waste over the next 40 years. The remaining options are 1) transport waste to a disposal facility outside St. Marys, or 2) expand the existing landfill. Our preliminary work suggests that expansion of the St. Marys landfill is preferred. Draft work plans have been prepared to define the study and evaluation of landfill expansion options in the next phase of the EA.

Consultation

Members of the public, agencies and other interested persons are encouraged to participate in the study by attending consultation opportunities or contacting the Project Team directly. Project notices are being advertised on the Town's website, in the local newspaper, as well as through direct communications with local landowners, Aboriginal communities, review agencies and utilities.

A Public Information Centre (PIC) has been arranged to describe the initial evaluation and draft work plans for the next phase of the EA. The PIC will gather and respond to public comments on the process. Presentation materials pertaining to the study and draft work plans will be available for public review on the Town's website: <http://townofstmarys.com/living/living.aspx?id=9840>. The next phase of the EA will consider comments received during the PIC.

Drop-in Centre (PIC) details: Date: **Wednesday, August 26, 2015**
Time: **5:00 PM to 7:00 PM**
Place: **Municipal Operations Centre
408 James Street South, St. Marys, ON N4X 1B6**
